

## GENTLE PROTEST BY SCHOOL BOARD

University Expected to Give  
Notice Hereafter When  
About to Grab Teacher.

## BIG BUILDING CONTRACT

VAN DER HORST BROTHERS TO  
ERECT WALKER SCHOOL.

Be it, and the same is hereby resolved, that the board of education will consider it an unfriendly act for a person representing an institution or school system to offer, without approval from the board of education, a teacher under contract any inducement calculated to cause the withdrawal of such teacher from the schools contrary to the terms of withdrawal specified in the rules and regulations.

The city board of education does not, apparently, fancy the method adopted by some of the other educational institutions to "steal away its teachers," the methods aforesaid being unethical to a marked degree, in the opinion of the members of the board of education. Therefore, the board of education, at its meeting last night adopted a resolution, on report of committee of the whole, that it will hereafter be considered an unfriendly act for a person representing an institution to make any teacher an offer without first giving the board of education notice of its intention so to do.

It seems that it has been a practice indulged in with much more persistence than the city school superintendent and the board of education deem to be within the bounds of professional ethics by members of the faculty at the university to offer inducements to teachers in the city schools which must of necessity attract them; and it is said that sometimes the board has been left without a competent teacher, especially in technical work, because the teacher who had been in the city schools before could earn more money at the university, and failed not in speedily taking advantage of the opportunity when it presented itself.

### Board Wants Notice.

The members of the board of education are well convinced that the Kingsbury has no knowledge that this unethical business has been going on. There has always been the best of feeling between the university heads and staffs and the city heads and staffs. The fact is patent, however, that the university draws upon the city schools for some of its best instructors, and that leaves the city schools "in a hole." The board of education has no objection to a teacher bettering his position and condition, but the board of education thinks it ought to be done in a different manner. In fact, the board of education wants to have a show to get a new teacher before the old one goes to her better job and better pay.

### New School to Be Built.

The report on buildings and grounds was approved. This report includes the awarding of a contract for the building of the Walker school. Van der Horst Bros. secured the main contract for \$71,000, the Will Reese Plumbing company secured the contract for heating and plumbing, and the Intermountain Electric company for wiring. The contract for reinforcing was not let, the architect deeming it advisable to study the bids further.

The Bamberger Coal company was successful in its tender for supplying the schools with fuel. It is estimated that more than 6,500,000 pounds of coal will be required for the term.

Payrolls of officers and members and janitors, amounting to \$12,944.44 were approved, as were also expense accounts of \$60,697.85; of the latter sum teachers' salaries amounted to \$37,778.92.

The balance to the credit of the school fund at the close of last month was \$124,940.40.

In the report of Superintendent D. H. Christensen was included a report which showed that, for a beginning, the new pension system is working well. For the first month there was a total of \$356.67 received from the 1 per cent contribution by teachers. There was paid out \$61.65 on account of illness, leaving a balance in the permanent fund of \$295.05.

### Buildings and Grounds.

The important parts of the report of the committee on buildings and grounds, as adopted, follow:

That the clerk be directed to pay taxes on land recently purchased by the board, the board having assumed the taxes.

That the committee be authorized to erect a fire escape ladder, a stand pipe at the high school and science buildings.

That authority be granted to purchase ten dozen thermometers and one dozen hand bells for general schools.

That the bid of the Bamberger Coal company to furnish either Rock Springs No. 1 or Castle Gate coal, lump and nut, at \$5.50 per ton, and mine slack at \$3.50.

## Salt Lake Security & Trust Company

What it can do for you  
No. 4

By means of its system of Banking by Mail, it receives deposits from those residing out of town with perfect security.

Interest paid on deposits

3 per cent on Checking Accounts

4 per cent on Savings

6 per cent on Secured Certificates of Deposit

per ton, be accepted, and that the president and clerk of the board be authorized to enter into contract for same.

That the action of the committee be approved in renewing boiler insurance on the Onassis and High school boilers with the Hartford Boiler Insurance company.

That the action of the committee be approved in renting a room adjacent to the Riverside school at \$15 a month; also, in expending \$50 putting room in condition for occupancy.

That \$250 be appropriated to prepare manual training room in the building recently purchased adjoining the Hamilton school, and moving and building fence around school property.

That the recommendation of R. Kletting, architect, be approved in advising that the contract for the erection of the Walker school building be awarded to the Van der Horst Bros.

That the recommendation of the committee be approved in awarding the contract for heating and plumbing to the Will Reese Plumbing company—heating \$3,300, plumbing, \$4,800—and the contract for the electric wiring to the Intermountain Electric company for \$734. And that the contractors be required to give bonds to the board of education in one-half of the amount of their contracts, and that the president and clerk of the board be authorized to enter into contract with each of the above-named contractors.

That the matter of reinforcement for the school building be referred to the architect, Mr. Kletting, for further investigation and report to the board at its next meeting.

### Teachers End Work.

The accepted report of the committee on teachers and school work was as follows:

That the usual extra \$10 per month be allowed teachers in the following named schools: Jordan Annex, Breeze Annex and Sherwood Annex. To teachers in the Bonneville school \$3 extra per month.

That the clerk be given authority to purchase eighty wall maps and twenty-five globes at an approximate cost of \$350.

That the following supplies for the art department be purchased: 2,500 boxes of art crayons, 24 sticks of plaster of paris to be used for casting models in plaster, 24 small galvanized cans to be used for clay, 50 one-gallon galvanized buckets (in addition to other supplies).

That normal scholarships be granted to the following named high school graduates: Ethel Kennedy, Ethel Graham, May Jaspersen.

### New Teachers Appointed.

On recommendation of the committee of the whole, these teachers were added to the corps: Bessie Jones, Jessie M. Duggall, Margaret J. Minty, Grace Belmont, Elsie De Groat, Nellie Quinn, May Galbraith, Nora Reese, Viola Kelly, Emma McNeill, Kate James.

Miss Blanche Caine was appointed teacher of the domestic science department in the High School.

Miss Lois Miller was released from her contract. She is to go to the training school.

Changes, repairs and materials to the extent of \$2,309.10 were approved on the recommendation of the superintendent.

It was ordered that the teachers who passed the examination successfully August 31 and September 1 be given certificates on the recommendation of the board of examiners.

Eighteen hundred dollars, approximately, was awarded to the domestic science department of the High School.

Changes, repairs and materials to the extent of \$2,309.10 were approved on the recommendation of the superintendent.

## Vignettes of Mr. Hearst's Utah Supporters

The Herald yesterday published several short biographical sketches of men who signed the petition to put the Hearst electoral ticket and the Hearst congressional ticket on the official ballot of Utah. Here are a few more signers, indicating the deep and abiding interest of the Republican organization in the efforts of Mr. Hearst:

L. H. Smyth, Republican—Deputy United States marshal under Candidate Spry; also candidate for the marshalship in the event of Spry's election as governor.

T. L. Holman, Republican—Nominee of recent convention on legislative ticket, from which he will be compelled by the committee to resign, because he has not lived in the state long enough to qualify.

J. G. Weaver, Republican—Was "In Darkest Africa" with Stanley; since then has been associated politically with Parley P. Christensen, whose press agent he is; also has charge of Parley's boom for congress during the off seasons.

Charles Cottrell, Jr., Republican—Has been in city council and is hopeful for greater reward; minor cog in Smoot machine.

Frank J. Tierney—Not classified; Hearst candidate for elector; candidate in "American" county convention for place on legislative ticket; not nominated; probably on the square and may vote part of Hearst ticket.

B. B. Mann, Republican—Has held

minor places, including that of humane officer; is tenderhearted; sergeant-at-arms of recent Republican state convention.

W. H. Clark, Republican—Lives in Richfield; has held office and still has hopes.

Fred T. McGurran, Republican—Candidate in recent county convention for place on legislative ticket; not nominated.

W. H. Booth, Republican—Deputy sheriff; brother of district attorney, who is more important member of Smoot's machine; willing to do his best in obeying orders; best remembered as a man who raised county treasurer's office to collect Luke judgment. He put it back.

Eber W. Hall, Republican—Mr. Hall is an undertaker, and his interest in the ticket is supposed to be purely professional.

P. Meakin, Republican—Orator and lecturer; best remembered as the man who added life and entertainment to the campaign of Alma Eldredge for congress, when he recited "The Man With the Mustache."

W. A. Aubrey, Republican—Clerk in postoffice; in classified service, and supposed not to become active in politics.

The Herald yesterday published a biography of W. D. S. Harrington, one of the signers of the petition, whom it mistook for Dan Harrington. It apologizes to the latter.

## TEMPERANCE SERMONS

Mickey Williams was wanted by the police on a charge of destroying property. He is also wanted for assault with a deadly weapon. Mickey at one time worked as a bartender at the notorious Alamo saloon on Commercial street, but for the past few months has been at liberty.

As the story goes, Mickey walked into Reagan's saloon on Main street yesterday morning, with company of three friends, named "Dusty," Dan Raleigh and Phil Flynn, the former of some local notoriety. Earl Ostrander was officiating behind the bar when the trio called for booze. He neglected to get the coin before his customers got the drinks, but this fact may be overlooked as he was under the influence of liquor. According to Mr. Brown, Antonio stood on the sidewalk and let go a straight right jab at the window, connecting, and pushing his fist clean through.

Although Antonio's hands were bandaged he denied through his interpreter that he had pushed them through the window.

The interpreter asked Antonio what he had to say, and for a few minutes there was more Greek in the court room than in the university library. The interpreter told the court that Antonio wanted to explain how the window happened to be "busted."

He said he did not in any way mutilate the window through witnesses who were not present. Judge Diehl postponed the case until next Thursday when Antonio is to undertake the task of proving himself not guilty.

Police Nab a Couple of Alleged Sure-Thing Men Before They Get Started.

Granters and sure-thing men who came to Salt Lake to work the crowds here during the conference and fair week are playing in hard luck. Two of these "fine and dandy" young fellows, namely J. H. Randolph and W. P. Phillips, who arrived in the city yesterday, were taken into custody last evening by Detectives Schultz and Wheeler. They were charged with vagrancy and their bonds placed at \$100. They were unable to raise the amount and are still confined behind the bars in the city jail.

A private safe may be rented in the fire and burglar proof vault of the Salt Lake Security & Trust Co., 32-34 Main street, \$3.50 per year and upwards.

SADDLE HORSES IMPORTED.

Perry E. Clark Brings Carload of Animals From Missouri.

Perry E. Clark, who has been in Dearborn, Mo., for the last six weeks, returned to Salt Lake Tuesday with a carload of horses that has ever been imported into the state. The horses were all carefully selected and are to be used for riding purposes.

The horses were shipped in a specially constructed car, and all arrived in good shape. A stop was made at the fair grounds at Colorado Springs, where the animals were unloaded and given a rest. Mr. Clark intends to return to Missouri for another load in the near future.

ARE YOU HUNGRY?

Fine food and service at The Royal.

WHY SUFFER?

BREATHE HYOMEI AND KILL THE LOATHSOME CATARRH GERMS.

Just as long as you have catarrh your nose will itch, your breath will be foul, you will hawk and spit, and you do not know what is the matter with you. You can't help yourself. The germs of catarrh have got you in their power; they are continually and persistently digging into and irritating the mucous membrane of your nose and throat. They are now making your life miserable; in time they will sap your entire system of its energy, its strength, its vigor and vitality.

If you do not kill the loathsome germs of catarrh, their desperate assaults will in time undermine your reason, rob your brain of its brilliancy and activity, and leave you not only a physical but a mental wreck.

This picture is not overdrawn; the writer has seen thousands of just such cases. He has personally experienced the demoralizing results that come from the ravishing attacks of the horrible catarrh germs, the greatest pest of civilized nations.

But there is one remedy that will kill the germs and cure catarrh, and that is Hyomei, the Australian dry air treatment. There may be other remedies, but they are not guaranteed as Hyomei is.

F. C. Schramm, the druggist, will guarantee Hyomei to cure catarrh, or money back. Don't delay this pleasant antiseptic treatment. Every day you allow these germs to exist in your system brings you nearer to complete demoralization. F. C. Schramm will sell you a complete Hyomei outfit for only \$1.00. Ask him about it. It is also guaranteed to cure bronchitis, asthma, coughs, colds and hay fever.

For sale by F. C. Schramm, druggist, corner First South and Main streets, "where the cars stop."

JOHN CHESIRE, a contractor, was freed of the charge of violating the street ordinance yesterday. The trouble arose over a load of sand that had been left in front of a building in course of construction on Third South street. Mr. Chesire proved that he was not the owner of the sand and no case could be found against him.

MISS BERTHA HOLMAN, president of the girls' athletic association of the Salt Lake High school, is on the road to recovering from a severe illness.

THE CASE OF DOMONIC TRAPA, the Austrian who stabbed Jim Diehl in the neck last week, came up in Justice Banks' court at Murray yesterday, and after all the evidence was in, the justice dismissed the case, holding that Trapa was justified. Trapa was captured by Marshal Mauss after a two days' chase.

GOVERNOR JOHN C. CUTLER has left for San Francisco, where, today, he will deliver before the Trans-Mississippi congress an address on the conservation of the nation's wealth, with special reference to the conservation of Utah's resources. The governor expects to return Oct. 12.

## CAMPAIGN WILL OPEN AT PROVO

The Notification of Jesse William Knight Will Occur  
Next Saturday.

## GREAT RALLY IS PLANNED

SPECIAL TRAIN TO CARRY HUNDREDS TO MEETING.

With hands, red fire and campaign oratory, the Democratic state campaign will be formally opened at Provo next Saturday with the notification of Jesse William Knight, Democracy's candidate for governor of Utah. From Salt Lake a special train will be run, and a band from Salt Lake will accompany the Democrats to Provo. Provo citizens are preparing to make the notification of their favorite son a non-partisan affair, and Republicans and Democrats alike will join in the celebration.

From Salt Lake there will be a trainload of at least 500. This crowd will be increased by probably 200 or more from the northern part of the state. From every settlement in Utah county there will be hundreds of visitors to Provo, while delegations are expected from all the towns in the southern part of the state. Provo is planning to entertain 2,000 visitors on the occasion.

The special train from Salt Lake to Provo will be over the Salt Lake Route. A rate of \$1.25 for the round trip will be made, and a low rate from Ogden to Salt Lake has been promised by the Oregon Short Line railroad for those in Ogden who wish to attend the gathering. The Democratic special will leave Salt Lake at 4 o'clock on Saturday afternoon, and will arrive in Provo at 5:30 o'clock.

Former Governor Osborne of Wyoming, who has charge of the western branch of the Democratic national headquarters at Denver, has promised to send a speaker of national reputation, who will be the orator of the day. The complete program for the notification meeting has not yet been arranged. The affair will be conducted by the notification committee, and the speech of notification will be made by Levi N. Harmon of Price, the chairman of the notification committee. The local arrangements are being made by the Utah county Democratic committee, of which Wilford Giles is the chairman.

When the special train from Salt Lake arrives in Provo it will be met at the station by the Democrats of Utah county with the B. Y. U. band. With two bands and countless banners, the Democrats will parade the streets of the Garden City immediately after the arrival. The meeting will open at 8 o'clock in the evening at the opera house, which is to be elaborately decorated for the occasion. The program of the evening will include music by the band, singing, short speeches by Wilford Giles, county chairman for the Democrats of Utah county; Samuel A. King, state chairman; Levi N. Harmon, chairman of the notification committee; Jesse William Knight, the next governor of Utah, most of the next state officers and an address on the national issues by a speaker of national renown.

The state committee is preparing to start out the campaign right, and will make every effort to make the opening rally of the campaign a complete success.

### OPENING HEADQUARTERS.

The Democratic State Committee Have Offices in the Kenyon.

The Democratic state committee will open state headquarters at the Kenyon today. The committee yesterday secured the four corner rooms on the first floor of the Kenyon, with a frontage on Main and Second South streets. The headquarters secured occupy the best location in the city for campaign purposes, and the committee is elated over its success in securing the quarters. The officers of the state committee, with the executive committee, will be in the rooms almost continuously, and will receive the Democrats from all parts of the state daily, in addition to carrying on the detail work of the campaign.

### CAMPAIGN IN BINGHAM.

Democrats Will Hold Rally at Mining Camp Next Week.

The campaign at Bingham will be opened by the Democratic state committee today. The committee yesterday secured the four corner rooms on the first floor of the Kenyon, with a frontage on Main and Second South streets. The headquarters secured occupy the best location in the city for campaign purposes, and the committee is elated over its success in securing the quarters. The officers of the state committee, with the executive committee, will be in the rooms almost continuously, and will receive the Democrats from all parts of the state daily, in addition to carrying on the detail work of the campaign.

The members of the "American" club held an informal meeting in the "American" party headquarters on Main street last evening at which the plans of the campaign were discussed. The members were particularly jubilant over the result of their canvass of the city, which has just been completed. They are claiming Salt Lake City by a plurality of from 5,000 to 7,000 votes.

ELECTORS WILL WITHDRAW.

Taft Candidates Are to Be Removed From Ticket of "Americans."

The "Taft-Liberal" ticket will be on the voting machines at the coming election without Taft electors. The "Taft-Liberal" ticket is a creation of the "Americans" who sought to give the members of their party the opportunity to vote for the national electors and the American state, judicial and county tickets by pulling one lever. For the same purpose, the "Bryan-National" party was created by the "Americans."

The Republicans, however, are fearful that Taft electors placed on the "American" ticket will help the "Americans" in the fight for the county, and for that reason will withdraw the names of the national electors from the "American" ticket. This question was asked of Colonel George B. Soures, secretary of the Republican state central committee, yesterday.

"Will the state committee ask the elec-
